

Circularity Profile

3500 Series (3508)

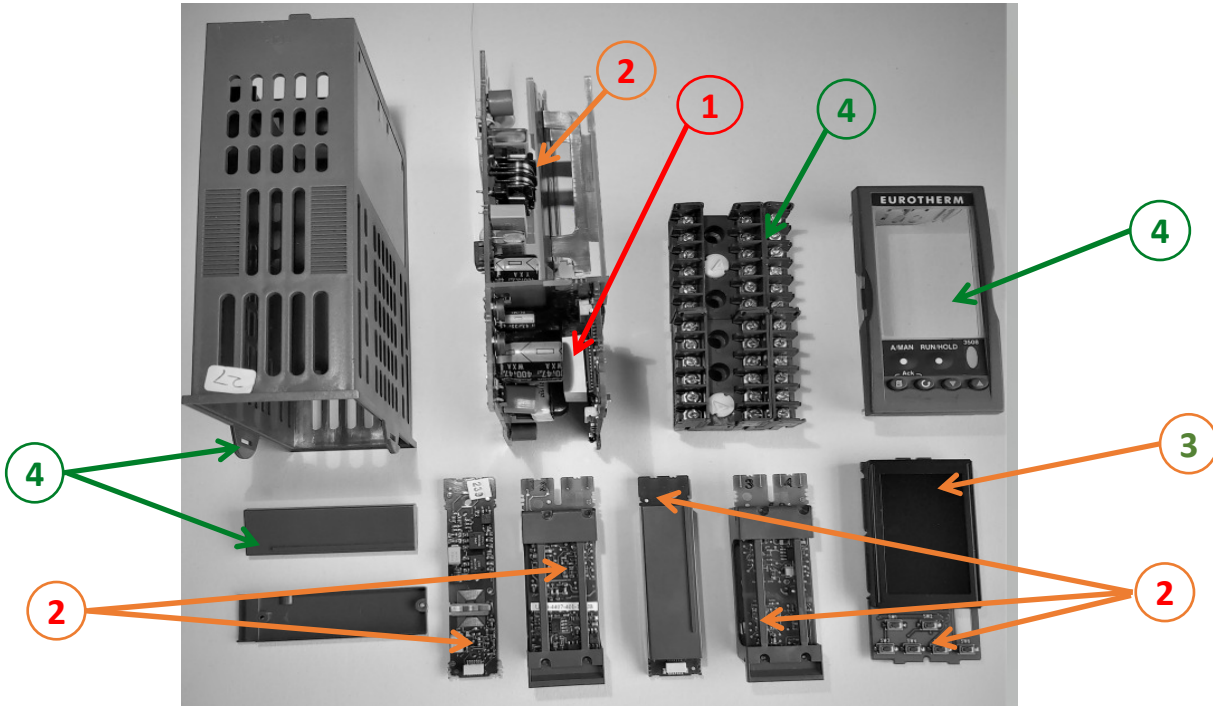

Life Is On

Eurotherm[®]

by **Schneider** Electric

End of Life Instructions

Recommendation	Number on drawing	Component / Material	Weight (in g)	Comment
To be dismantled	1	Li-ION battery	4.929	
To be depolluted	2	Electronic Board	196.58	
To be depolluted	3	LCD	35.085	
To be dismantled	4	Other plastic parts with brominated flame retardants	160.929	

Product description

Manufacturer identification	Eurotherm Ltd
Brand name	Eurotherm
Product function	Provision of precision temperature measurement and / or control, for a period of 10 years, within industrial applications, the 3508 is a dual loop controller with precision PV measurement combined with high performance control with flexible units with input and output modularity — up to 6 I/O slots with 15 different module types and 2 digital communications.
Product reference	3500 series
Additional similar product references	3504 & 3508
Total representative product mass	0.48 Kg
Representative product dimensions	48mm*96mm*150mm
Accessories	None
Date of information release	02/12/2020

Additional information

Is the product in the scope of WEEE Directive (2012/19/EU)	Yes
Legal information	This product family is in the scope of European Union directive 2012/19/EU on Waste Electrical and Electronic Equipment (WEEE). The product family must be disposed according to the legislation of the country. This document is intended for use by end of life recyclers or treatment facilities. It provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.
In case of special transportation: transportation method	None
Recyclability potential	37% Based on "ECO'DEEE recyclability and recoverability calculation method" (version V1, 20 Sep. 2008 presented to the French Agency for Environment and Energy Management: ADEME).
