

# Circularity Profile

## EPack-1PH

**Eurotherm**<sup>®</sup>  
by Watlow

## End of Life Instructions

Recommendation	Number on drawing	Component / Material	Weight (in g)	Comment
To be depolluted	1	Plastic	116.15	Mixed plastics
To be dismantled	2	Metal	401.09	Mixed metals

Recommendation	Number on drawing	Component / Material	Weight (in g)	Comment
To be depolluted	3	Printed Circuit Boards	286.18	
To be dismantled	4	LCD Display	12.88	Remove LCD from metal shielding
To be depolluted	5	Silicone rubber	2.28	
To be depolluted	6	Electronic Component	38	Thyristor

Brand name	Eurotherm by Watlow
Product function	Provision of precision measurement and control, for a period of 10 years, within industrial applications, the Epack_1PH power controller has accuracy, functionality and innovation that will deliver extraordinary power control to help with process, environment and budget.
Product reference	EPACK-1PH
Additional similar product references	EPACK-LITE-1PH
Total representative product mass	1.03 Kg
Representative product dimensions	174mm*72mm*158.2mm
Accessories	None
Date of information release	22/02/2021

## Additional information

Is the product in the scope of WEEE Directive (2012/19/EU)	Yes
Legal information	This product family is in the scope of European Union directive 2012/19/EU on Waste Electrical and Electronic Equipment (WEEE). The product family must be disposed according to the legislation of the country. This document is intended for use by end of life recyclers or treatment facilities. It provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.
In case of special transportation: transportation method	None
Recyclability potential	57% Based on "ECO'DEEE recyclability and recoverability calculation method" (version V1, 20 Sep. 2008 presented to the French Agency for Environment and Energy Management: ADEME).
