Product description
**Manufacturer identification** | Eurotherm  
**Brand name** | Eurotherm  
**Product function** | A highly versatile and configurable DIN rail mounted controller. Able to take a wide range of input types such as TC, RTD, mV, mA, CT and Voltage. Utilizing PID control, together with timers, maths and logic functions, plus graphical user wiring features provide accurate control of relay, digital and mA output channels. It is often used together with a programmable logic controller and can multi-drop on either Serial, Fieldbus or Ethernet communications.  
**Product reference** | Mini8  
**Additional similar product references** | Mini8  
**Total representative product mass** | 1022.3 g  
**Representative product dimensions** | 108 x 124 x 115mm  
**Accessories** | No accessories needed  
**Date of information release** | 10/2017

---

**Additional information**

**Legal information**  
This product family is in the scope of European Union directive 2012/19/EU on Waste Electrical and Electronic Equipment (WEEE). The product family must be disposed according to the legislation of the country. This document is intended for use by end of life recyclers or treatment facilities. It provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.

**In case of special transportation: transportation method**  
No special transportation needed

**Recyclability potential**  
50%  
Based on "ECO'DEEE recyclability and recoverability calculation method" (version V1, 20 Sep. 2008 presented to the French Agency for Environment and Energy Management: ADEME).
