

WEEE / Recycling Statement

The European Union (EU) Waste Electrical and Electronic Equipment (WEEE) Directive requires all member EU countries to maximise the separate collection, reuse and recycling of WEEE.

The United Kingdom (UK) WEEE regulations (derived from the EU Directive) applies to all Electrical and Electronic Equipment (EEE) placed on the market in the UK covered by the scope of these regulations.

Under the UK WEEE regulations, “Producers” are required to mark all relevant EEE with a “crossed-out wheelie bin” symbol to remind consumers not to discard WEEE in the domestic waste stream. Eurotherm Ltd encourages all customers to make note of this symbol and avoid putting any WEEE in your domestic waste bin(s) or container(s).

Eurotherm Ltd supports the reuse and recycling of WEEE as there are several environmental benefits of doing so, for example: reduction of raw material and energy usage, prevention of landfill, prevention of hazardous and/or toxic materials present in some WEEE contaminating the environment.

As a producer under the UK WEEE regulation (Statutory Instrument 2013 No. 3113), Eurotherm Ltd complies with its producer obligations by being registered as a member of the Valpak Compliance Scheme and obtaining the WEEE Producer Registration Number – WEE/AC0003ZR

Under the UK WEEE regulations, “Distributors” are required to provide a “take-back” system allowing customers (end users) the opportunity to return (or “take-back”) their WEEE to a distributor free of charge, when purchasing new EEE on a like-for-like basis.

As a business to business (B2B) producer under the UK WEEE regulations, Eurotherm Ltd allows end users of EEE placed on the market in the UK, to return WEEE back to us free of charge on a like-for-like basis for new EEE purchased.

The return of qualifying WEEE can be arranged by contacting either:

- Eurotherm Ltd, Faraday Close, Worthing, West Sussex, BN13 3PL (Tel 01903 263333)

or

- Valpak Limited at info@valpak.co.uk quoting reference RM09237.

If you would prefer us to collect your WEEE from your premises, please contact us as there is a transport charge for collection, The charge only covers the cost of transportation and handling, and you do not incur any cost in relation to the treatment or reprocessing of WEEE as defined by the regulations. Alternatively, you can return the WEEE to our premises at mutually agreed date and time and we will cover the full cost of recycling in accordance with the WEEE regulations.
